After BASS DEF (LOW DEF) and before the solo exhibition of ELODIE LECAT (November 2007), OUI presents a short format of three days dedicated to drawing and works on paper. A dozen young artists have put a part of their recent production on display in OUI - to open the boxes, to empty the drawers, a time for a long week-end. A light and ephemeral exhibition with tables to lay out the whiteness of the papers.

Meeting with the artists around the tables, with a drink: Friday 26 October, 6.30 PM
